

Transforming Lives Since 1981

An estimated 1 in 6 people are born with intellectual and/or developmental disabilities. Just like all of us, they are born with hopes, dreams and the drive to contribute to society. Toward Maximum Independence (TMI) is a nonprofit organization that is dedicated to transforming the lives of children and adults with intellectual and developmental disabilities, the Deaf and Hard of Hearing and veterans with disabilities. The individuals we are privileged to serve deserve nothing less than love, acceptance and the opportunity to reach their full potential in life.

It is our mission to provide personalized services to those who require support, enabling them to make informed choices regarding how they live, work and function productively and independently in the community.

What We Believe

The three cornerstones of a strong foundation are: living as independently as possible, having the opportunity for real work for real pay, and a safe, caring home. We are honored to be able to help lay that foundation for our clients throughout San Diego, Riverside and Imperial Counties.
