

Transforming Lives Since 1981

An estimated 1 in 6 people are born with intellectual and/or developmental disabilities. Just like all of us, they are born with hopes, dreams and the drive to contribute to society. Toward Maximum Independence (TMI) is a nonprofit organization that is dedicated to transforming the lives of children and adults with intellectual and developmental disabilities, the Deaf and Hard of Hearing and veterans with disabilities. The individuals we are privileged to serve deserve nothing less than love, acceptance and the opportunity to reach their full potential in life.

It is our mission to provide personalized services to those who require support, enabling them to make informed choices regarding how they live, work and function productively and independently in the community.

What We Believe

The three cornerstones of a strong foundation are: living as independently as possible, having the opportunity for real work for real pay, and a safe, caring home. We are honored to be able to help lay that foundation for our clients throughout San Diego, Riverside and Imperial Counties.

*Toward Maximum Independence, Inc.
is a 501(c)3 nonprofit public benefit corporation.*

TRANSFORMING LIVES

Community Integration Training Program

PROGRAM PURPOSE

Toward Maximum Independence (TMI) provides the support necessary to enable individuals with intellectual and developmental disabilities (IDD) to participate fully in community life. The agency is based on a belief that no person should have to work in a setting which is segregated due to the nature or severity of their disability. It is the mission of TMI's Employment Solutions program to improve the quality of life of people with IDD. This can be accomplished through the provision of an individually determined level of support enabling our clients to work in real jobs while enjoying fulfilling and natural relationships with people other than paid providers of support services.

The Community Integration Training Program (CITP) is designed as a vocational and social skills training program to recognize, develop and build the necessary skills for our clients to participate in their community, all at the level at which the client chooses. Clients generally start the process by volunteering throughout the community at various sites. They continue at their own speed, in line with their desires and abilities, while working toward their own personal goals.

The goal of the CITP is to offer all available resources for community integration and includes, but is not limited to, improvement in self-help, socialization, job acquisition and/or retention, and learning adaptive skills.

Our experience has led us to clarify our values relative to important considerations such as personal choice, as well as balancing risk and opportunity.

CITP SERVICES

CITP is designed to immerse an individual into the community in which they live. Services are generally Monday-Friday, 4-6 hours per day with exceptions. It is a 100% community-based group environment, designed at a 3 to 1, client to Job Coach ratio.

Through the use of a Personal Support Plan (PSP), the CITP focuses on enabling clients to attain and maintain their maximum ability and integration within the community. The PSP will be collaborated upon across all levels of the client's support team, will be client led and can include input from the client's family, TMI Job Coach and Manager, Regional Center Case Manager, therapists, or any other member(s) of the community.

Training and support are provided in a community setting, consisting of small businesses, nonprofit organizations, churches, schools, animal shelters, or any location with the opportunity to hone skills and work on client goals. Individualized adaptations will be developed if needed to ensure maximum performance.

CITP services can include:

- Vocational training
- Self-advocacy
- Social skills development
- Educational or job exploration
- Community safety & emergency preparedness
- Mobility training
- Development of natural supports

If you are interested in community-based, person-centered services with individual supports to assist and enrich your life, contact us at (800) 877-5452 or info@tmi-inc.org to get started. We look forward to hearing from you!
